

CIVIL CBI

A Civil Engineering Detective & Investigation Challenge

EVERY STRUCTURE HIDES A CLUE.

EVERY DETAIL TELLS A STORY.

REGISTRATION FEE: Rs. 149 /- PER TEAM

TEAM SIZE: MAX OF 2 PERSONS PER TEAM

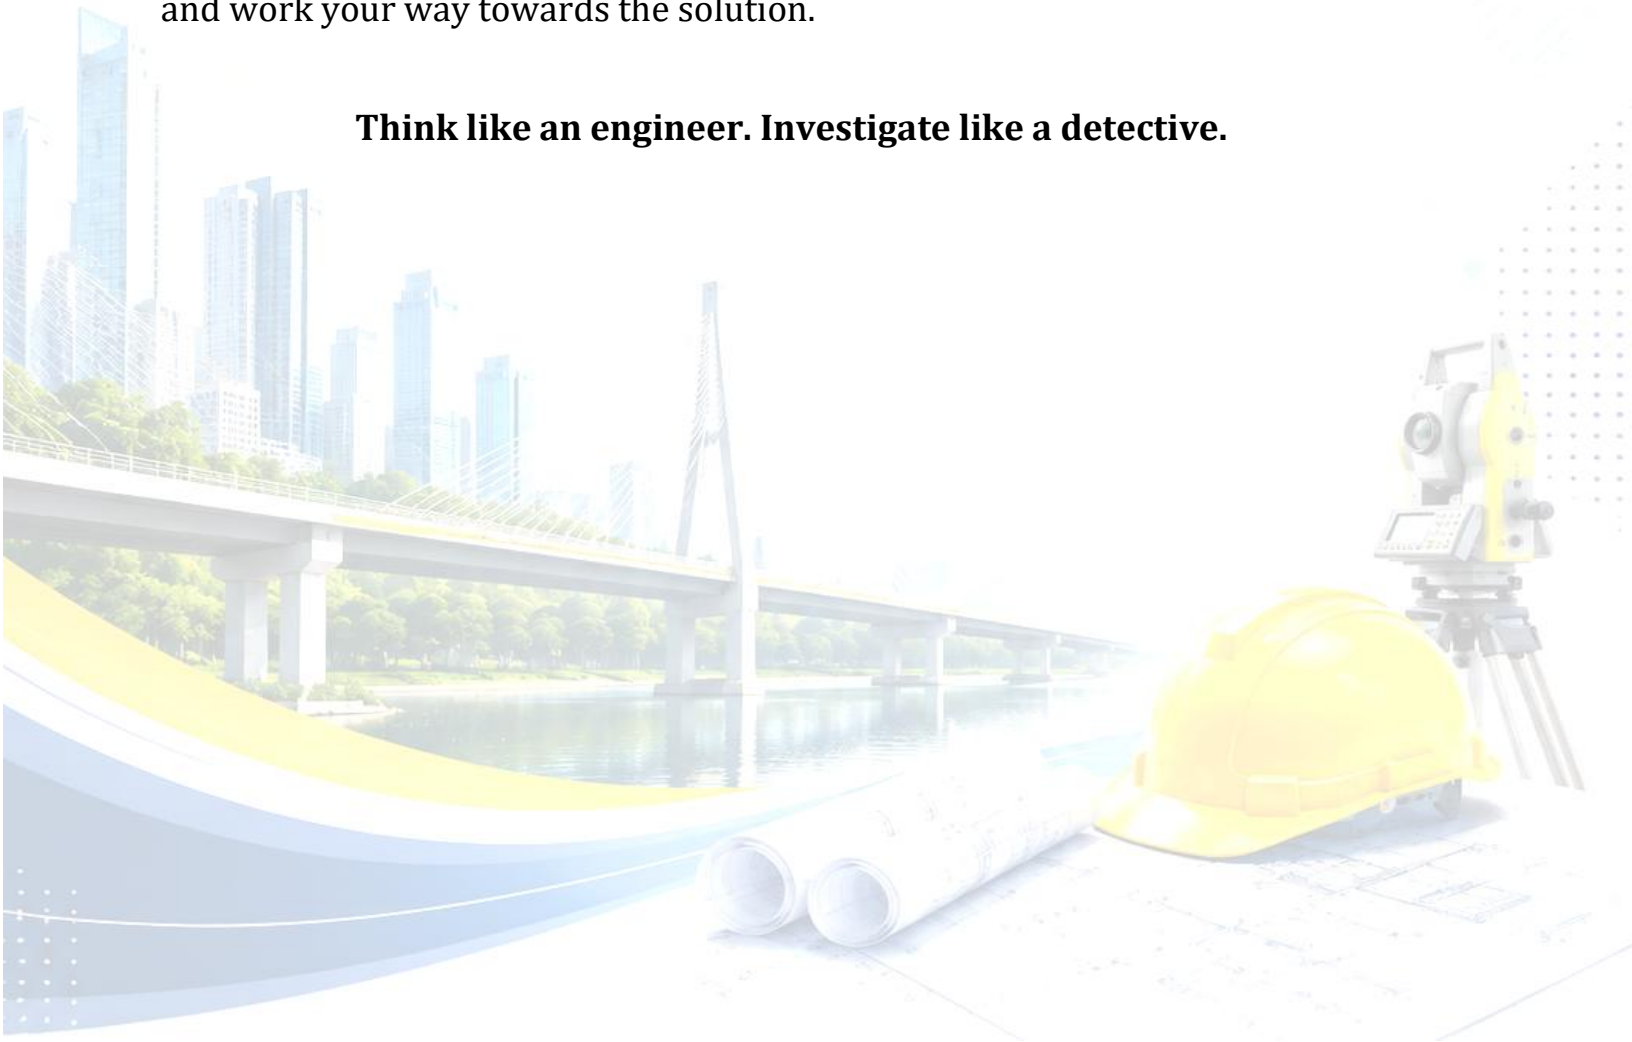

PRIZE POOL MONEY: Rs. 2250 /-

EVENT DESCRIPTION

Crack the Clue. Solve the Structure.

Turn civil engineering into an investigation. Civil CBI challenges participants to observe closely, analyse clues and apply civil engineering knowledge to crack intriguing engineering mysteries. Put your technical instincts and problem-solving skills to the test as you connect the evidence, uncover the hidden logic and work your way towards the solution.

Think like an engineer. Investigate like a detective.

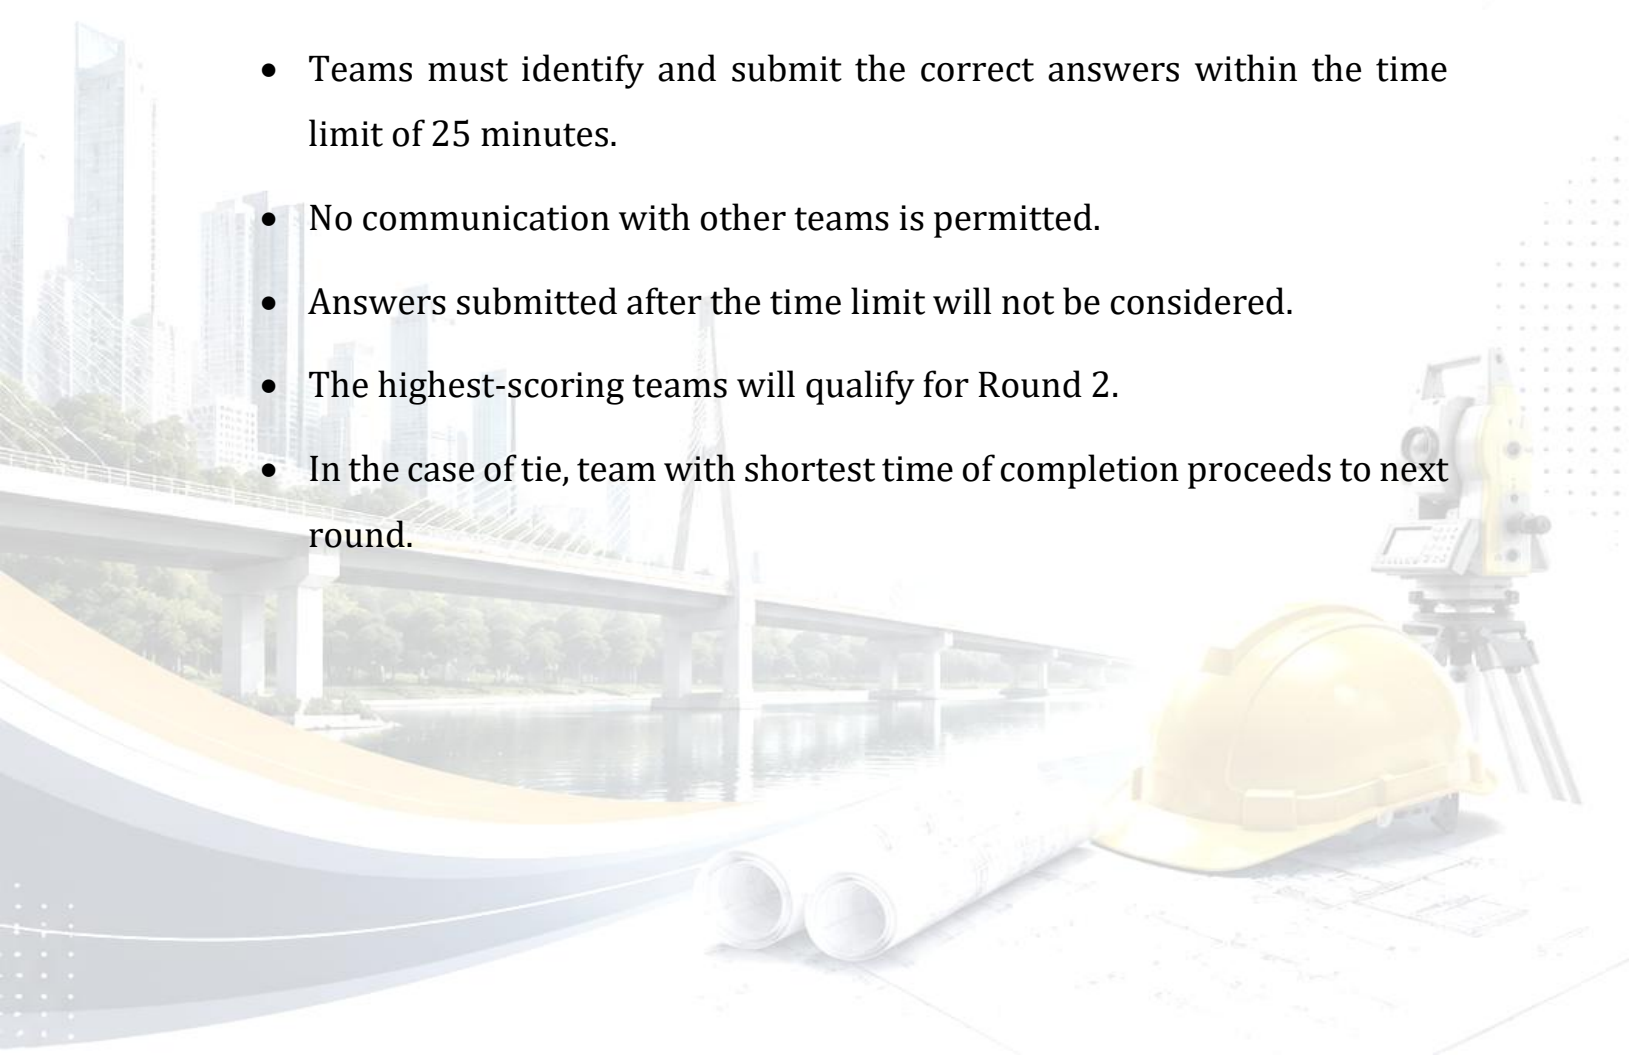

GENERAL RULES

- Each team will consist of 2 participants.
- Use of electrical gadgets (mobile phones, smart watches, or any electronic device) is strictly prohibited throughout the event.
- Each participant must carry their institute ID card.
- Unethical behaviour, malpractice, or intentional interference will lead to disqualification.
- The decision of the judges will be final and binding.

ROUND 1 — PRELIMS - CRACK THE CODE

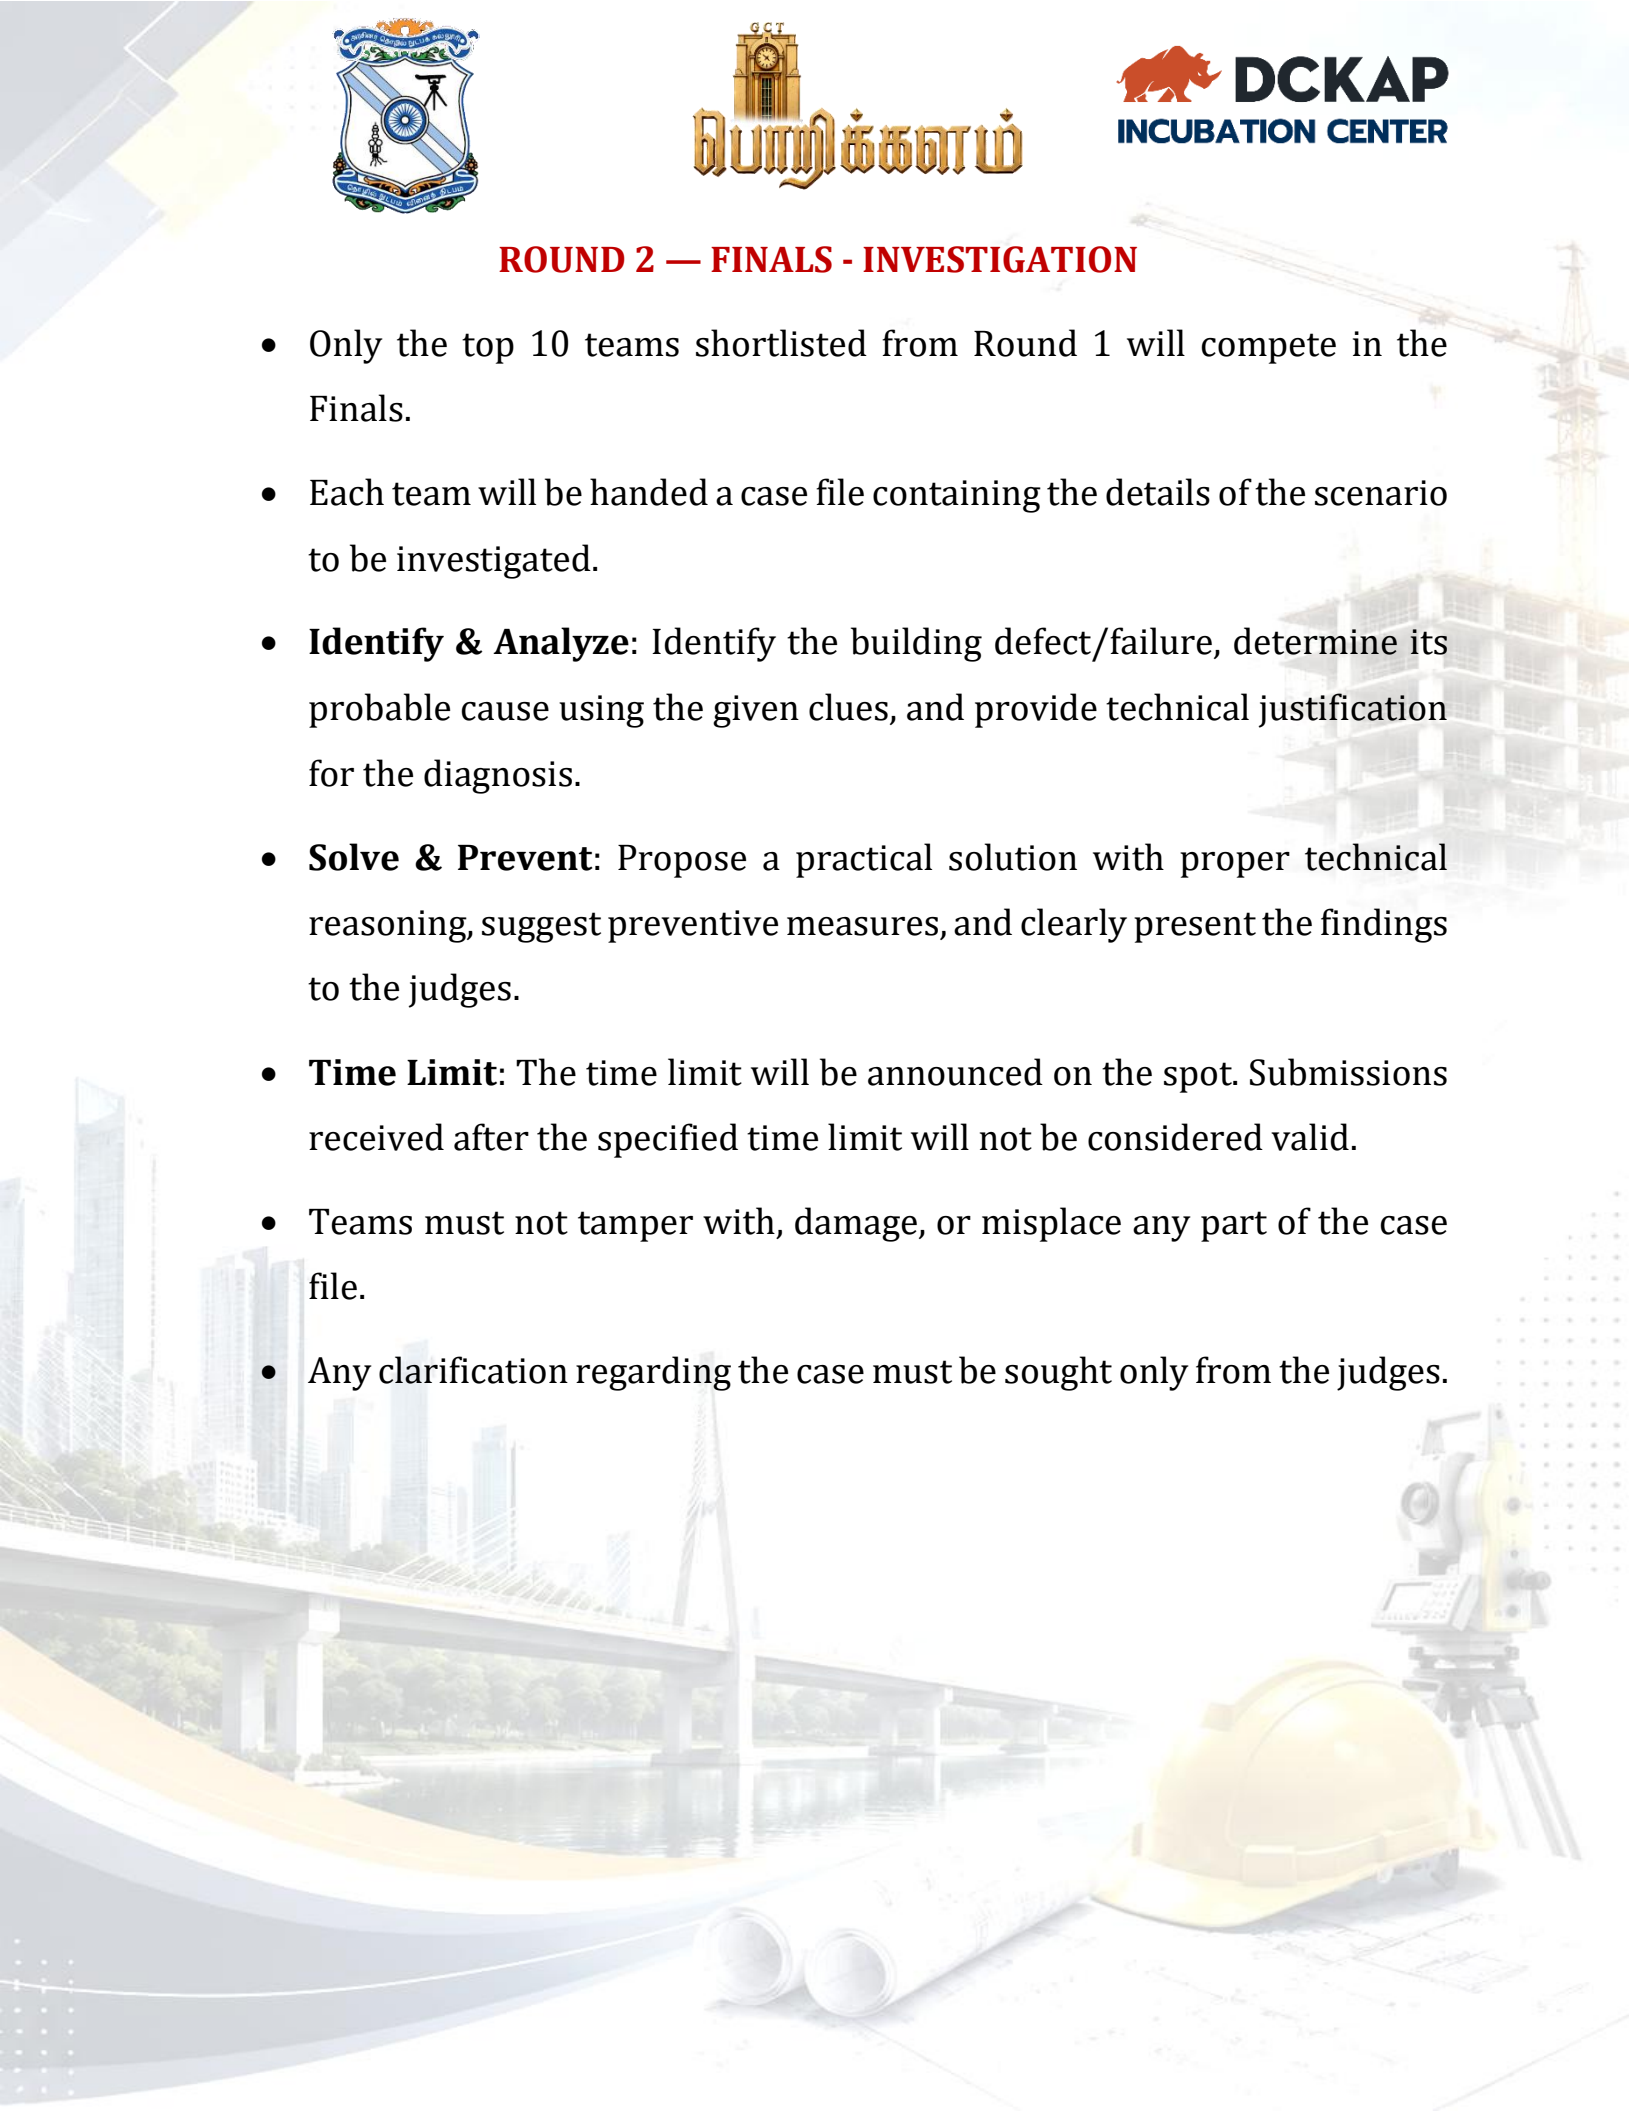

- Questions will be based on Civil Engineering concepts and general awareness.
- Teams must identify and submit the correct answers within the time limit of 25 minutes.
- No communication with other teams is permitted.
- Answers submitted after the time limit will not be considered.
- The highest-scoring teams will qualify for Round 2.
- In the case of tie, team with shortest time of completion proceeds to next round.

ROUND 2 — FINALS - INVESTIGATION

- Only the top 10 teams shortlisted from Round 1 will compete in the Finals.
- Each team will be handed a case file containing the details of the scenario to be investigated.
- **Identify & Analyze:** Identify the building defect/failure, determine its probable cause using the given clues, and provide technical justification for the diagnosis.
- **Solve & Prevent:** Propose a practical solution with proper technical reasoning, suggest preventive measures, and clearly present the findings to the judges.
- **Time Limit:** The time limit will be announced on the spot. Submissions received after the specified time limit will not be considered valid.
- Teams must not tamper with, damage, or misplace any part of the case file.
- Any clarification regarding the case must be sought only from the judges.

EVALUATION CRITERIA

Criteria	Marks
Identification of Failure	20
Identification of Cause	20
Technical Solution	25
Technical Justification	15
Preventive Measures	10
Presentation & Clarity	5
Response to Judges' Questions	5
Total	100
